

# Falcon 760

Built to withstand the punishment of military style working environments, and designed to be more efficient than any other contender in it's class. Imagine 45 Knots with only 2 x 115hp - add 10 crew and a decent load and you'll still be capable of more than 40 knots.

**Standard features** include a bowlocker, various custom-configurable deck hatches, splashwell / battery compartment and a non-slip self draining deck.

**Options** include a variety of consoles, seats and other deck fixtures. Military build specification available.

## Specifications
